DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by any one of Nishi et al., Sakthivel et al., Yang et al., or Turner et al.

All references disclose a serum-free medium comprising a fibroblast growth factor and an agent causing an increase in intracellular levels of camp that is capable of supporting the cultivation of an animal epithelial cell in vitro.
